

Capel Maesyffynnon Chapel AED

Llangybi Community Council are pleased to announce they have recently replaced the AED emergency defibrillator located outside the Maesyffynnon Chapel.

The original unit was no longer operational, as the battery pack and pads had both expired.

Mae Cyngor Cymuned Llangybi yn falch o gyhoeddi bod diffribiliwr brys AED newydd wedi ei osod ar safle yr un gwreiddiol, ar wal Capel Maesyffynnon.

Roedd yr hen un yn ddiffygiol gan bod y bateri a'r padiau bellach wedi dod i ddiwedd eu hoes.
